

# EYE DOT

“Seeing is believing”

Camera Systems for the DOT, Government & Municipal Markets

Choice of 7" or 9" Monitor

Featuring the

**EnduraCam**

The most comprehensive and versatile rear view and monitoring system available.

Incredibly easy to install, there are no complicated installation instructions. A single power input adaptor powers the entire system. Mount your cameras and monitor, hook up your cables and power up. THAT'S IT! No permanent installation is required, so moving the system takes no more than 5 minutes in most applications.

Certified Power Solutions is a pioneer in snow and ice removal. We definitely have the experience to do the job. From the operator to the fleet manager we understand what you need. That's why the entire StormGuard product line, top to bottom, is the best available when you compare safety, reliability, durability, and ease of maintenance. Our engineering staff consistently proves that it is the most innovative in the industry. This makes us the best at bringing your ideas to reality. We can help you design systems and controls that will do your job right and do it well. We are here to serve you and believe that our total commitment to your success is the key to our mutual success.
